BOOK SYNOPSIS

The new second edition of *Finding Out: An Introduction to LGBT Studies* by Michelle A. Gibson, Jonathan Alexander, and Deborah T. Meem provides readers with an accessible and riveting introduction to lesbian-gay-bisexual-transgender (LGBT) studies. Designed as a text/reader to help students understand the growth and development of LGBT identities and the interdisciplinary nature of sexuality studies, the book combines comprehensive introductory and explanatory material with primary readings and artifacts. The authors provide context (from history, literature and the arts, media and politics, and more) to form a coherent framework for understanding the included debates and readings. This emerging field is complex, multifaceted, and interdisciplinary, but authors Gibson, Alexander, and Meem use instructional apparatus, primary readings, and careful organization to create a clear-cut introduction, ideal for today's students.
